Introduction

PART 2 lists issues of domestic and foreign periodicals currently registered in class B. Renewal registrations in class B are listed separately in the Renewal Registrations section. In addition to popular and scholarly journals, these works include many house organs, adventure and comic periodicals, and a number of newspapers.

Arrangement is by title. Each issue registered is recorded under the main title of the periodical. In general, the titles of publications of societies, institutions, and other corporate bodies beginning with such general and nondistinctive terms as Annals of, Bulletin of, Journal of, etc., followed by the name of the body, are inverted to file under the name; e.g.:

AMERICAN ASSOCIATION FOR
CANCER RESEARCH. PROCEEDINGS.
FRANKLIN INSTITUTE OF THE STATE
OF PENNSYLVANIA. JOURNAL.

Variations in titles as given in the copies and

applications are explained in notes, enclosed in parentheses. A title which consists of two or more titles connected by such phrases as *combined with*, *incorporating*, etc., is written as follows:

SELECTED SECURITIES GUIDE—
MARKET TIMER.

References lead from variant titles, from titles of specific issues, and from other titles associated with the periodical.

The Claimant Index covers both currently registered works and renewal registrations, the latter being identified by the symbol (R) following the title.

Each main entry includes the following items of information if available and applicable:

- 1) Title.
- 2) Changes in title, recorded following the phrases *Continuing* or *Continued as*.
- 3) Copyright symbol ©.
- 4) Name of the copyright claimant.
- 5) Volume number.

- 6) Issue number, issue date, or issue title.
- 7) Copyright symbol ©.
- 8) Publication date for each issue as given in the application.
- 9) Registration number for each issue.

For newspapers which are regularly deposited more often than weekly, a condensed entry is used which includes a statement of frequency of issue and the bibliographic information for the first and last issues registered during the period covered by this catalog. For more complete information on any of these titles, a search of the Copyright Office records should be requested.

Whenever it is necessary to indicate a variation between the information given in the application and in the copy of the work with respect to the claimant's name or the date of publication, the data from the application is given first, followed by the phrase "in notice" and the data given in the work; e.g., © 3Jan69 (in notice: 1968); B476000.

For renewal registrations each main entry includes the following information:

- 1) Title.
- 2) Copyright symbol ©.
- 3) Name of the renewal claimant.
- 4) Statement in parentheses, usually abbreviated, giving the basis of the renewal claim as supplied by the applicant; e.g., "John Doe & Co. (PCW)" indicates that renewal of copyright is claimed by John Doe & Co. as proprietor of copyright in a composite work.
- 5) Data identifying the specific issues in which renewal is claimed, consisting generally of volume number, issue number, and issue date.
- 6) Copyright symbol ©.
- 7) Date of original copyright.
- 8) Original registration number.
- 9) Date of receipt of the renewal application or fee, whichever is later.
- 10) Renewal registration number.
